

create\_child\_data

```
graph LR; A[create_child_data] --> B[setup_redirects]; B --> C[move_temp];
```

A flowchart illustrating a three-step process. The first step, 'create\_child\_data', is highlighted with a gray background. It is connected by a blue arrow to the second step, 'setup\_redirects', which has a white background. This second step is then connected by another blue arrow to the third step, 'move\_temp', also with a white background. All steps are contained within rectangular boxes with black borders.
