

libft/ft_free_substrings.c

```
graph TD; A[libft/ft_free_substrings.c] --> B[libft.h]; B --> C[stdlib.h]; B --> D[unistd.h]; B --> E[stdarg.h];
```

The diagram illustrates the dependencies of the source file `libft/ft_free_substrings.c`. It is shown at the top in a grey box. A single arrow points down to a white box labeled `libft.h`. From `libft.h`, three arrows point down to three separate white boxes: `stdlib.h`, `unistd.h`, and `stdarg.h`.
